

BLOOMSBURG CARPET
WOVEN

WITH PRIDE IN THE
USA

Bloomsburg Carpet's state-of-the-art mill

is located in the picturesque Susquehanna Valley of Pennsylvania, where the art of weaving dates back to the 1800s.

All of our products are made with the highest grade materials and unmatched attention to detail. Our employees, many of them third generation Bloomsburg weavers, possess exceptional skill and passion for their work.

We see weaving as an art form

and are committed to instilling our passion and expertise into everything we create.

With our domestically located plant and our highly trained sales team spanning the country, we take pride in our ability to offer superior service to all of our clients. At Bloomsburg, we ship worldwide and can ship to anywhere in the continental U.S. in 3-5 business days. We welcome visits to our plant and encourage regular communication throughout the design and production processes to ensure alignment and satisfaction from start to finish. As the only mill with Axminster, Velvet and Wilton weaving under one roof, and the only remaining Axminster mill in the US, our offering is truly unique.

The realities of today's world pose challenges for our company and American manufacturing at large. However, Bloomsburg Carpet is committed to honoring American craftspeople and demonstrating to the world the superior beauty and quality of American weaving.
