

BLOOMSBURG

hospitality

YOUR TRUSTED SOURCE FOR AXMINSTER IN AMERICA

EFFICIENCY

We are a world-class weaver located in Central Pennsylvania. Everything is completed at our Bloomsburg Carpet Mill, from design creation, to sample completion, to the production floor.

With an onsite design staff located at our Pennsylvania mill, Bloomsburg Hospitality is with you every step of the way. We can customize any pattern to your needs.

While working with our team, you have access to the Bloomsburg Pom Box, which includes over 400 color options and is available virtually.

Our extensive pom box combined with endless available patterns gives you the groundwork to customize your carpet exactly to your vision. With our online Custom Design Library, you can easily choose from existing patterns and specify custom pattern samples produced in less than 2 weeks.

ECO-FRIENDLY

We produce domestically woven carpet with solar powered looms in our modernized eco-friendly mill. A 1.7 million kWh solar panel system installed on the roof of the mill includes 3,479 solar panels. This solar energy system generates enough power for the entire facility.

We have committed ourselves to exceeding your expectations with superior products that meet the demands of today's interiors without compromising the needs of future generations. Bloomsburg Hospitality Axminster can often contribute to LEED certification, meeting the requirements for renewable and low-emitting materials. Projects located within range of the Bloomsburg Mill receive extra LEED points.

Bloomsburg Hospitality has Environmental Product Declarations (EPD's) for our hospitality carpet. These documents, which are based on our full product lifecycle analyses, can be used to understand the embodied carbon footprint of our products as well as contribute to green building certificates.

All Bloomsburg Hospitality Axminster products have earned the Green Label Plus certification by the Carpets and Rug Institute for indoor air quality.

EXPEDIENCY

Our new, state-of-the-art equipment enables us to weave highly customized Axminster carpet at up to 4x the speed and efficiency, making the hospitality industry's carpet of choice more available and affordable than ever. All Bloomsburg Hospitality carpets are woven in our Pennsylvania Mill on these high speed Axminster looms.

Our in-stock Axminster carpets are part of our quick ship program and available for projects of any size. We make it easy for you, order free samples of any product at [BloomsburgCarpet.com](https://www.bloomsburgcarpet.com)

BLOOMSBURG
hospitality

For making a lasting, singular impression at hotels, hospitality centers, and other high-end, high-traffic venues, there's no more beautiful and durable flooring solution than Axminster Carpet. With over 45 years serving the hospitality industry, Bloomsburg Carpet is the only mill in the United States that proudly produces the authentic Axminster weave.
